YOUR FAITH IS UNDER ATTACK.

"Evolution is the number one reason students give me for rejecting the Gospel."

(Mark Cahill, evangelist/author)

DISCOVER CREATION

We are in a spiritual and cultural battle of worldviews. Genesis is presented as just a myth while evolution is falsely taught as "scientific fact" virtually everywhere. This godless evolutionary indoctrination confuses both adults and children about their true origin, purpose, and destiny, and devastates the faith of multitudes of young people.

...BUT DID YOU KNOW?

- Scientific evidence refutes the "proofs" of evolution.
- Many qualified scientists accept the Biblical record.
- The intricacy of life shows God's creative design.
- True science affirms Creation, the Fall, and Flood.
- You can believe the whole Bible, beginning in Genesis!
