www.DiscoverCreation.org

Dear Fellow Creation Advocate,

I am sending this letter to those who know of AOI's longstanding Creation ministry **to request your assistance**. This **is not a plea for funds** (perhaps it should be ☺). Instead, **this letter offers YOU a valuable benefit**.

Our **Discover Creation Training Adventure (DCTA)** is a **specialized training program in Creation, apologetics, and worldviews with an incredible teaching staff**. We now have our own facility to house trainees! To fill our classes and housing for the 2025-2026 year, we need to begin recruiting students now. We did not want to go with any of the normal secular routes to "market" our DCTA program as there would be no guarantee of results even after paying a lot of upfront money.

While Mary Jo and I were praying for wisdom to know how best to reach qualified students, an idea popped into my mind. When I shared it with the staff and Board to seek further wisdom, they were all in favor of this: **Go to those who already know and trust AOI's ministry with this offer**.

Some of you already help us spread the word and need absolutely no incentive to continue, but we need a broader concerted effort. So, **here is the plan**: For **each accepted student** you refer to us who join our "Upper Rooms" community, **AOI will give \$500 to you** (paid after the first semester), or to your church/youth ministry, your designated organization (perhaps AOI? ☺), or to the student. You may instead choose to use your \$500 toward any of AOI's offerings including AOI's Creation Tours of Yellowstone National Park or even Costa Rica. It is your choice. Not only is the \$500 given to you, but **your student will also receive a \$500 certificate** toward the DCTA "Upper Rooms" program applied to the student's second semester.

Why AOI: Statistics show that a high percentage of students from evangelical homes have nothing to do with the church after graduating from college. This is mostly because of evolution and other anti-God philosophies. AOI's goal is to fortify your students in Creation and worldviews so they are not easily taken captive (Col 2:8).

A requirement that you will appreciate is that our students must send a monthly update to you or the referring church or organization, reporting their progress and the exciting things they are experiencing and learning. This **keeps that student connected with you**.

I certainly hope you can take advantage of this offer. Yes, it will help AOI -- AND it will be a blessing to all of us. Your students will be strengthened in their relationship with God by participating in AOI's faith enhancing **Discover Creation Training Adventure!** (The enclosures should help you get the word out. Included are a couple of student certificates for you to give out. Please feel free to make copies or call us for more. See AOI's website for a description of the DCTA: www.discovercreation.org/Adventure OR call AOI at 970-523-9943 for more information.

In Christ for the DCTA team,

Dave Nutting, Co-Founder and Director
Alpha Omega Institute

PS: We are also **expanding our online training** for those who wish to be part of AOI's training and/or ministry, but who can not physically come to Grand Junction. Please let us know of those you know who would be interested in this ministry opportunity with us.

See Next Page for
Student Certificates!

Live in AOI's "Upper Rooms"
Christian Student Community.
Private or shared rooms in
AOI's new student apartments

Experience the Amazing!
Yellowstone! Grand Canyon! ++
& optional Costa Rica
